

follow the Liberty in America bus

Liberty in America is a non-partisan grassroots movement focused on education and activism (www.LibertyInAmerica.org). The goal is to enhance an understanding of:

- * WHY government spending must be significantly reduced
- * WHY private enterprise is a more effective alternative for services
- * WHY individual choice, risk and reward are imperative for liberty to survive in America
- * HOW YOU can change the direction away from government dependency and toward liberty

We will inspire a better future and liberate the free spirit of Americans by:

- * Harnessing our natural instinct for helping each other
- * Encouraging voluntary charity rather than government social programs
- * Allowing the inevitable outcome of failure from irresponsible risk and the deserved outcome of success from responsible risk
- * Celebrating the opportunity for wealth to grow through American innovation and hard work
- * Enabling private charity to prevail through our generosity of spirit

Programs & Initiatives include:

- Commitment to America Pledge
- Curriculum on Liberty
- Co-promotions with Businesses & Organizations
- Creating Networking Opportunities for Liberty-Loving Groups

The Good American Post is currently organizing stops for the Liberty Bus in Colorado and New Mexico.

We are looking for businesses to sponsor the Liberty Bus' stops. The Liberty Bus can stop for a half day - 3 hours (\$1,000), or full day - 6 hours (\$2,000).

Marketing & Promotions

In return for being a sponsor, both The Liberty Bus and The Good American Post will recognize your place of business on our respective websites, as well as include you in any print marketing materials that are created for the event when they stop at your place of business. At the \$2,000 level we will also attempt to have coverage of the event with radio and possibly television (depending upon the scheduling). The goal is to increase traffic to your location (we have a waiting list of people who want to see and sign the Liberty Bus), as well as increase the visibility of Liberty in America.

Sincerely,

Steve Thompson, Event Director (515) 707-1490
Tisha Casida, Event Coordinator (719) 252-1763
